

Randomized Answers in Matching Answer questions When the Randomize Option is not Selected

Article Number

000077033

Description

Creating a question with matching answer choices has an unintended behavior; answers are randomized even if the "Randomize Answers" option was not enabled.

Steps to Replicate

1. Log into **Blackboard Learn Ultra Experience** as an instructor
2. Access an Ultra course
3. Navigate to Content page > click on the plus sign (+) > **Create** > **Test**
4. Click on the plus sign (+) > **Add Matching question** > **Add Answer** > Fill in the Prompts and Answers text fields > **Save**
5. Go to **Test Settings** and make sure "Randomize answers" is not selected > **Save** > Make sure the Test is Visible to students
6. As a student, take the test and check the Submitted Answers drop-down menu

Observed Behavior:

Answers are randomized.

Expected Behavior:

Answers are not randomized.

Summary

Upon creating a question with matching answer choices, answers appear randomized even if the instructor did not select "Randomize answers"
