Information

The mission of the Northwest Commission on Colleges and Universities (NWCCU) is to assure educational quality, enhance institutional effectiveness, and foster continuous improvement of colleges and universities in the Northwest region through analytical institutional self-assessment and critical peer review based upon evaluation criteria that are objectively and equitably applied to institutions with diverse missions, characteristics, and cultures.

Compliance Assist has provided an electronic platform for many institutions using the following NWCCU reports (for other types of reports, contact your Product Specialist):

- Eligibility Requirements
- Standards for Accreditation

Refer to the NWCCU website, <http://www.nwccu.org>, for more information about each of the above reports, as well as, summer institutes and annual meetings.

Campus Support cannot provide consultation as to what type of information to include in your reports, but is a technical support resource for items such table formatting and common practices among other Campus Labs member institutions.
