

Original Course View Links in the What's New Module in Ultra Load Discussion Boards Outside the Ultra Interface

Article Number

000058167

Description

When there are unread Discussion Board posts in an Original Course, clicking the link in the What's New Module for that Discussion Board replaces the Ultra Interface with the Original View and there are no links to get back to Ultra Interface.

Steps to Replicate

1. Log in as **System Admin**
2. Go to System Admin > Courses > Create New **Original View Course** or Enter Existing **Original View Course**
3. Create a **New Discussion Board** or **Post a Message** to an existing **Discussion Board** in an Original Course
4. Enroll a **Student User**
5. Log in as **Student User**, view the **What's New Module**
6. Click on the link for the New **Discussion Board Post**

Expected Behavior:

The link to open inside the Ultra Interface

Observed Behavior:

The link opens outside of the Ultra Interface and there is no way to return back from Original View to Ultra

Summary

When there are unread Discussion Board posts in an Original Course, clicking the link in the What's New Module for that Discussion Board replaces the Ultra Interface with the Original View and there are no links to get back to Ultra Interface.
