Steps to Replicate

1. Log into **Blackboard Learn** as an administrator
2. Create a new Original course
3. Enroll a student and an instructor
4. Create an assignment
5. Log in as a student and submit the assignment
6. Log in as an instructor and grade the assignment
7. Log in as a student again
8. Click on the student's name in the top right corner, just before the turn on/off symbol
9. Select 'My grades' (sheet with a checkmark icon), the fourth option.
10. Click on last graded

Observed Behavior:

The following message is displayed:

"No grades are available yet...

Your grades from the courses you are enrolled in will appear here after your instructors make them available."

Expected Behavior:

It should show the recent graded item.

Summary

After grading a submission from a student, the grade will appear in 'My Grades' in the section 'All courses' but not in the 'Last Graded' one.
