

Due Date Time is Different for Ultra and Original Courses While Calling LTI's Line Item Service

Article Number

000075708

Description

Due date time is different for Ultra and Original courses while getting the information of LTI course items through the LTI Line Item Service, the time differs by one hour.

Information

You as an instructor create an LTI assignment/assessment in Original, due at 10AM tomorrow. Then you do the same in Ultra. You might expect them both to have the same end date/time (due date) for both Original and Ultra courses, but times differ. This is working as expected.

Steps to Replicate

1. Log into **Blackboard Learn** as an Administrator
2. Go to **Admin > Courses**
3. Create a new Ultra and Original course and enroll as an Instructor in both
4. Access to the Original course and navigate to **Content**
5. Go to **Build Content > "BBDN Tool - LTI 1.3"**
6. Give the link a name, scroll to **Grading** and enable **Evaluation**
7. Add the possible points and set a due date
8. **Save** the item
9. Click on the newly created link
10. Once the LTI tool loads, click on **Assignments and Grades > Read Columns**
11. In the **Response** section, open the key of the column and verify the end Date Time
12. Close the Original course and open the Ultra course
13. Click on the **Plus** button to create an item > **Content Market**
14. Locate **"BBDN Tool - LTI 1.3"** and click the **Plus** icon below it (bottom right)
15. Edit the newly created link and enable **Create Gradebook entry for this Item**
16. Add Maximum Points and add the same due date as the Original course item and save the changes
17. Open the newly created link to launch the tool
18. Once the LTI tool loads, click on **Assignments and Grades > Read Columns**
19. In the **Response** section, open the key of the column and verify the end Date Time

Observed Behavior (Functioning as Designed):

End times differ by one hour.

Expected Behavior:

End times differ by one hour.

Summary

Due date time is different for Ultra and Original courses while getting the information of LTI course items through the LTI Line Item Service, the time differs by one hour.
