## Information

The integration between Milestone and Anthology (Campus Labs) Engage allows badge issuers to automatically award badges to learners who:

- Are marked as having attended an event hosted in Engage
- Have completed the requirements for any given domain in a Path
- Have completed the requirements for all domains in a Path

To access the integration, you must be licensed for both products.

1. Create or Edit a badge
2. On the Criteria tab, select "Anthology Data" at the bottom of the screen
3. Select the type of criteria you'd like to set (Event, Single Domain, or Entire Path)
4. Follow the prompts to search for the event, domain, or path you wish to set as the criteria
5. Click "Select" next to the event, domain, or path returned in your filtered search results
