

Unexpected ' ' Inserted Before Bold and Italicized Text in RTE

Article Number

000078141

Description

When the sentences are written in the editor spacing looks accurate, but after saving the spacing will be incorrect. This is happening among bold and Italic words.

Steps to Replicate

1. Log into **Blackboard Learn Ultra Experience** as an administrator or instructor
2. Create an Ultra course > **Create Document** > add Content
3. Copy the below text to the editor:

Note: Task words are the verbs that indicate students what is required in an answer. Common task words include describe, identify, state, explain, evaluate and compare. These should be used in final written questions, in place of what, why, how etc.

Task words are the verbs that indicate to students what is required in an answer. Common task words include describe, identify, state, explain, evaluate and compare. These should be used in final written questions, in place of what, why, how etc. ...

Task words are the verbs that indicate to students what is required in an answer. Common task words include *describe, identify, state, explain, evaluate and compare*. These should be used in final written questions, in place of what, why, how etc. ...
↑↓

1. Bold and italic are given to the following words: describe, identify, state, explain, evaluate and compare.

Observed Behavior:

'Include' was on the first line, but after saving, 'include' is on the second line.

Expected Behavior:

'Include' should be on the first line as there is enough space.

Summary

Space issue on the editor. An unexpected space appears among Bold and Italic words.
