## Steps to Replicate

1. Log into **Blackboard Learn Ultra Experience** as an instructor
  2. In an Ultra course, create a test with 2 Multiple Choice questions
  3. Configure the Assessment Settings:
    - **Submission View:** Set to be available at a future date (a few minutes ahead)
    - **Automated Question Feedback:** Set to be available at the same future date
    - **Question Scores:** Set to be available after all grades are posted
    - **Correct Answers:** Set to be available at the same future date
- 
1. As a student, complete and submit the test
  2. Wait until the **Submission View** becomes available

## Observed Behavior:

Correct answers are labeled as 'Incorrect'.

## Expected Behavior:

Correct answers should be labeled as 'Correct'.

---

**Summary**

On the student View Submission page, correct multiple choice answers are labeled as 'Incorrect'.
