

Turnitin LTI 1.3 Does Not Update Submission Timestamp in Grade History for Multiple Submissions

Article Number

000090615

Description

When a user submits multiple attempts through Turnitin LTI 1.3, the submission timestamp in the grade history does not reflect updates for each new submission. The timestamp will always be the one from the first attempt.

Document Type

Known Issue

Information

When a student resubmits, the attempt is not tracked until it is graded.

Release (General)

SaaS

Resolution Workaround

When grading the submission and posting the grade, the timestamp will correctly change to the latest submission.

Service Packs

Learn 3900.112.0;Learn 3900.114.0;Learn 3900.116.0

Steps to Replicate

Prerequisite: Make sure your environment has Turnitin set and available.

1. Log into **Blackboard Learn Ultra Experience** as an administrator
2. Navigate to **System Admin > Courses > Create an Ultra Course**
3. Navigate to **Books and Tools > Open Turnitin LTI 1.3 > Create an assignment with a name and due date**
4. Go to **Optional Settings** and under **Similarity Report > Select Generate reports immediately (Students can resubmit after due date)**
5. Save the assignment
6. Enter Student Preview mode and submit an attempt
7. Exit Student Preview mode and go to the **Gradebook > Download the Grade History for the assignment**
8. Open the Excel file and note the submission timestamp
9. Return to Student Preview mode and submit a second attempt, noting the new submission timestamp
10. Exit Student Preview mode and go to the **Gradebook > Download the Grade History for the assignment again**
11. Open the Excel file and compare the timestamps on each file

Observed Behavior:

The timestamp for the second student submission remains the same as the first submission.

Expected Behavior:

The timestamp in the **Grade History** should update to reflect the second submission timestamp.

Summary

Turnitin LTI 1.3 Does Not Update Submission Timestamp in Grade History for Multiple Submissions.

Target Release

Working as Intended
